

# LMC 25 IP54

**LMC 25 Multigate is suitable for leading through both low and medium power current cables as well as various types of tubing. It fits directly to a C-standard cut-out (or FL 21).**

LMC 25 Multigate is metal reinforced cable gland plate made of various types of polymers. It meets the respective IP enclosure classes as it does not need separate gaskets or glands which makes it very easy to use, providing innumerable advantages in a single assembly unit.

LMC 25 Multigate is suitable for both outdoor and indoor use.

LMC 25 Multigate gives protection against water splashed from all directions.

LMC 25 Multigate is inspected and certified by: SGS FIMKO the Finnish authority in charge of electrical equipment safety standards.

LMC 25 IP54 Multigate will lead through and seal cables as follows:

14 - 35 mm	1 pc
14 - 22 mm	5 pcs
14 - 18 mm	12 pcs
10 - 14 mm	5 pcs
3.5 - 11 mm	2 pcs

Total of 25 cables
